

CK CLIENT PORTAL

HR'S IDEAL WELLNESS & REWARDS RESOURCE

The CK Client Portal is the perfect resource for HR and wellness managers to gain insights into employees' collective nutritional consumption from Company Kitchen in real time or for any custom time frame, company-wide, by location or by department.

It's the only wellness platform linked to a micro market that will give HR access to a dashboard that shows top-selling items by category - "green" for healthiest; "yellow" for healthier; and "red" for least healthy. HR can subsidize green items to inspire healthier purchases.

The portal can also be used as a tool to reward and recognize employees for achievements.

The CK Portal is yet another healthy benefit offered by Company Kitchen, the freshest and healthiest micro market.

DNA SUPPORTS YOUR WELLNESS PROGRAMS!

Our self-serve kiosk allows your employees to scan and pay for their purchases through a stored-value CK Card. Employees can load cash to their CK Card at the kiosk, or use a credit or debit card to add value to their account through our online system.

Our proprietary Daily Nutritional Analysis (DNA) system downloads detailed nutritional information for items purchased at the kiosk to employees' online accounts, allowing them to track health goals and eating habits.

COMPANY **CK** KITCHEN

NOURISH YOUR CULTURE

www.companykitchen.com
877.524.6925

- Your employees will always have a variety of tasty food and drinks available to them.
- Our real-time stocking system will alert us when items need to be replenished.
- Employees can go to their account and request specific types of food and drinks.
- We'll monitor the Company Kitchen with our 24-hour camera surveillance system.

Company Kitchen is a cost-free, convenient, modern solution to providing your associates with access to the meals, snacks and refreshments they need to make it through the workday.

The variety of food and beverages in your Company Kitchen will amaze your employees and give them more healthy options to help support your company's wellness initiatives.

Your employees will have 24/7 access to fresh salads and sandwiches as well as popular, name-brand snacks in healthy baked versions or traditional fare, and a variety of beverages including Coke and Pepsi products, Gatorade and Red Bull, among others.
